It is a point for consideration whether the depots should be closed on the 15th August - If that is to be done, the stock will have to be disposed of by auction, if there is no real demand. The best plan seems

Not to keep on those depots in which there is any stock left till the stock is disposed of. The Dir will have to be told that the depots should be closed down as quickly as possible, & with this object the sales should be expedited. No further movement of fodder from place to place need be made, & stocks at any particular place should be sold locally. If this is not done, & the stock is put into the market the stock then may be cut one another loss. The Dir will also much have to be told that the special establishment for fodder depots cannot be extended beyond their present term and that after the expiry of the term of the temporary establishments, the local Agri Inspectors must attend to the work.

7) There are at present 5 Agricultural Inspectors and six Fieldsmen employed in connection ~~with~~ the sale of paddy straw and their term expires on 31. 8. 24. The Agrl Inspectors seem to be employed as follows :- one at Bangalore depot, one at Gowribidnur depot, one at Yedatore or Seringapatam, one at Tumkur and the other at Tiptur. If the depots are to be continued, the services of all these seem to be necessary. It may not be desirable to leave the depots in the hands of Fieldsmen without any supervision by the Agrl Inspectors as sales have to be conducted in cash & credit sales seem to be few.

8) The services of ~~the~~ extra Agrl Inspector at the Bangalore depot may not be required, from 1st Sept 1924, as there is already one to look after the normal work of the depot. He may be given the services of one Fieldsman. The sales will not be brisk during the season

and the retention of the addl Inspector does not seem to be necessary.

9 As regards the Inspector at Yedatore, his services may also be dispensed with if all the straw has been pressed & shipped to Bang. There will be no fresh purchases. The Director may be requested to see that all the straw is sent to Bangalore before 31·8·24

10 As regards Guribidnur depot, this serves the needs of some Taluks in the Tumkur Distt also. The sales are being & of considerable value and the Agrl Inspector has to be kept on.

The depots (2) in the Tumkur Dt deal mostly with the Malnad tq, According to the recent rept of the Dir of Agriculture, the balance in stock was only 974 bales on 1st July 1924 owing to the recent rains the situation has considerably eased as regards fodder and as such these depots may be closed. If necessary, the Amildars may be given the stocks on hand in the depots and the sales may continue under the supervision of the Rev Dept as has been done in the Kolar Distt

The above proposal means that retention of only one Inspector and 2 or three Fieldmen. If the Director is asked to state his requirements, he will say that the whole establishment (existing) will have to be kept on till all the stock is sold and that period is indefinite. It is therefore respectfully subd that some definite orders regarding the minimum establishment & the period during which it should be continued are necessary. Provision has to be made for the extra expre & in fact the Legis. Cl. has to be moved for a supplementary grant on this behalf.

As it is, there does not seem to be any supply of Malnad hay to the depots in the Tumkur Dt & the stock in hand as reported by the Dir. some time ago in these depots was very little. It is therefore for orders as to whether these depots may not be ordered to be closed immediately, the stock if any, still remaining unsold being handed over to the Amildar of the Taluk in which the depot is situated. There is no difficulty as regards fodder situation in the Tumkur Dt.

The Dir's. proposals involve an extra cost of Rs 160/- during the month of Septr 1924 & of Rs 120/- every month thereafter. This amount will have to be added to the cost of establishment & addl. funds to that extent provided for by a ~~the~~ supplementary grant to be placed before the R.C. for sanction.

OFFICE OF THE DIRECTOR,

Bangalore August 1, 1924.

Dear Mr. Anantaraman,

A few days ago, when we were discussing matters connected with fodder relief operations, I understood you to say that Government Order No. 13-22/Dis. of the 8th July in which the time limit 15th August was fixed referred to fresh purchases or starting of new works. As I informed you we have still over 300 tons of paddy straw and fodder distress is likely to continue till September at least. If there is any doubt at all on this point I should be glad if you would get definite orders.

Yours sincerely,

Leslie C Coleman
